The Newton International Fellowships Scheme

Overview

The Newton International Fellowships Scheme is an initiative of the UK’s leading academies - the British Academy, The Royal Academy of Engineering, and the Royal Society. The Scheme has been established to select the very best early stage post-doctoral researchers from all over the world and enable them to work at UK research institutions for a period of two years. The Scheme covers researchers in all disciplines covered by the three academies – natural and social sciences, engineering and humanities.

Objectives of the Newton International Fellowships Scheme

- To ensure the UK engages with the best post-doctoral researchers, across all disciplines of natural and social sciences, engineering and the humanities, from around the world.
- To provide an opportunity for post-doctoral researchers at an early career stage from any country outside the UK to work at a UK research institution for up to two years.
- To foster long-term relations between Newton Fellows and the UK research base through the establishment of an alumni programme for former Fellows of this Scheme. The alumni programme will include the provision of further funding for Newton Fellows for up to 10 years for follow-on activities, to enable links with UK based researchers to be maintained and developed. This is expected to facilitate, in the longer term, improved access to international centres of excellence for UK-based researchers.

Closing and result dates

The closing date for the third round of applications will be 8 February 2010. Results will be announced no sooner than 5 months after the closing date.

Duration and Level of Funding

Fellowships are tenable for a period of two years. Funding will consist of £24,000 per annum for subsistence costs, and up to £8,000 per annum research expenses, as well as a one-off payment of up to £2,000 for relocation expenses.

Alumni funding for Newton Fellows

Newton Fellows may also be eligible to receive up to £6,000 annually for up to ten years following the tenure of their Fellowship to support networking activities with UK-based researchers.

Contribution to Overheads

Newton International Fellowships will not be costed on the basis of full economic costing (FEC). Instead, awards will include a contribution to the overheads incurred, at a rate of 50% of the total award to the visiting researcher. (For example: award is £34,000 in the first year (£24,000 + £8,000 + £2,000), contribution to overheads is £17,000; total value award for first year is £51,000.)

Contact Information

Any enquiries about this Scheme can be made using the contact details below. Before contacting us please check whether your question is answered by these scheme notes or the ‘Questions’ page on the website:

Eligibility and assessment criteria

Applicant

- Applicants should have completed a PhD and have held no more than 1 or 2 postdoctoral positions, or equivalent experience at a comparable level.
- Applicants in the final stages of their PhD will be accepted, provided that the PhD will be completed before the start date of the Fellowship. Confirmation of award of the PhD will be required before any Fellowship award is confirmed.
- Applicants should be working outside the UK and should not hold UK citizenship at the time of application. Researchers already based in the UK are not eligible to apply.
- Contact between the Sponsor and Applicant prior to the application is essential. This contact should lead to a clearly defined and mutually-beneficial research project proposal. Please note that the three implementing academies will not be able to assist in locating a UK Sponsor.
- Applicants must be competent in oral and written English. The UK Sponsor must confirm their competency on the application form.
- Applications from individuals who have not studied or worked in the UK previously are encouraged as the scheme aims to establish new links between the applicant and the UK.
- If the applicant has completed their PhD in the UK the added benefit of continued collaboration should be clearly stated.

UK Sponsor and host organisation

- The UK Sponsor (co-applicant) must hold a permanent or fixed term contract in a publicly-funded research organisation. In the case of fixed term contracts, employment must continue for at least the duration of the project.
- The host organisation is the UK institution.
- The UK Sponsor must be an established researcher of post-doctoral (or equivalent) status and must make all the necessary practical and administrative arrangements for the duration of the Fellowship.
- The UK Sponsor must be based at the UK host organisation.
- Researchers working in governmental research institutes are not excluded from acting as sponsors but they must explain in their application why their institute is not funding the Fellowship.
- Applications cannot be accepted from private or commercial organisations.

Discipline remit

- The Scheme is open to applications from all subject areas of the natural sciences, engineering, social sciences and humanities covered by the three academies.

References

- Four reference statements are required for this application once the application has been approved: (i) a statement of support from the head of department at the Applicant’s home institution; (ii) a statement of support from the head of department at the UK organisation; (iii) statements from two nominated experts who can provide unbiased comment on the field of research, and on the Applicant and/or the UK Sponsor. At least one of the nominated experts must be a UK based researcher. Please see Nominated Referees section of the application process for further information.
- Two statements of support are also required for this application once the application has been approved: (i) a statement of support for your proposed Fellowship from your current supervisor. (ii) a statement of support for your proposed Fellowship from your UK Sponsor.
- If the applicant’s head of department is also their current supervisor, an alternative referee to supply the head of department statement is required.
- If the UK Sponsor is also the head of department, an alternative referee to supply the head of department statement is required.
- All references and support statements must be completed no later than 5 working days after the deadline. Any application with insufficient references will be rejected.

Timing

Fellowships must start in January 2011. Fellowships are for a continuous 2 year period and Fellows are expected to be based in the UK for the whole duration.
Assessment criteria
The primary considerations are listed below. Successful applications should be strong in all respects:

- The academic research background of the Applicant
- The quality of the proposed research project
- The expected benefits for the career development of the Applicant
- The track record of the UK Sponsor and host organisation in the area of proposed research
- The suitability of the UK Sponsor and host organisation for the Applicant’s research project
- The additional benefits for the UK Sponsor and host organisation.
How to complete the Fellowship application process

Using e-GAP²
Applications can only be submitted online using the electronic Grant Application and Processing (e-GAP²) system: http://www.newtonfellowships.org/ (or directly via https://e-gap.royalsociety.org). If you have not previously used e-GAP², please follow the registration process from the e-GAP² homepage.

Before completing the online form, all Applicants should check that they comply with the eligibility requirements and ensure all necessary information is presented in the application. These requirements are strictly adhered to and applications without all necessary information, or evidence to show the assessment criteria are met, will be rejected.

All applications must be submitted to the UK host organisation for approval and must be approved before they are accepted as complete. Please note that the approving department of the UK host organisation is a central university department. Please allow them at least 5 working days to authorise and submit your application on e-GAP². Applications not approved before the deadline will be deleted after the closing date. Late applications will not be accepted.

Please note the following:

• Save information entered as you proceed: you may be automatically logged out after a long period of inactivity and any unsaved information will be lost.
• Use all the space available in any text box and the text will wrap automatically: do not overuse the ‘return’ key; there is maximum number of lines available as well as a character limit.
• The character count includes spaces between words, symbols and punctuation. Text may be cut short if it is over the limit; please check all information has been saved correctly.
• You are advised to print your application and check that no information is omitted before submitting for UK host organisational approval: once submitted you will not be able to edit your application without asking the UK host organisation to return it to you.

The application process
The ‘Funding schemes’ section of your e-GAP² account will show all rounds currently open for application and any applications you have made. To make an application click on ‘Apply now’ in the required round: the scheme name description and round deadline are displayed here.

The application can be completed by using the navigation tabs on the e-GAP² screen. It is divided into several sections:

- Application Summary
- Applicant Personal Details
- Applicant Career Summary
- Co-Applicant Personal Details (UK Sponsor)
- Co-Applicant Career Summary (UK Sponsor)
- Organisations (UK host organisation)
- Proposal
- Financial Details
- Nominated Referees
- HoD Statement
- Equal Opportunities

A full list of the required fields can be found in Appendix 1.

Application Summary
Once you have started your application this will show the status i.e. draft incomplete / submitted (to UK host organisation) /approved (authorised by UK host organisation and submitted for consideration).

• It also shows the status of all sections of the application; ‘complete’ is indicated by a green tick and ‘not completed’ by a red tick box.
• Information on the deadline for this round can also be found on this page.
Applicant Personal Details (to be filled in by candidate)
The Applicant should provide the necessary personal details:

Title  
First name  
Surname (family name)  
Address  
Country of residence  
Nationality  
Email  
Telephone number  
Fax number  
Abstract - Please provide an abstract or brief description, avoiding specialist terminology, of your proposed project. Maximum 1000 characters, including spaces.

Applicant Career Summary
This section requires details on your academic position, institution, department and start date of present employment. It also requires information regarding your field of specialisation, list of publications and statement of qualifications and career history including the date of your PhD and your present research.

Statement of qualifications and career (Please list posts and dates in reverse chronological order, including awards and prizes. Please also include qualifications and dates obtained. The depth of information you provide is up to you, but this will represent you under assessment and so it is worth including as much good evidence for your academic merit as possible.)  
Field of specialisation (max 200 characters)  
List of publications (1500 characters - Please provide details of authors, titles and references of up to five of your best publications in refereed journals, in reverse chronological order. You should choose not only the best but also those most relevant to the application to support your case.)  
Subject Group (choose from drop down menu)  
Subject (choose from drop down menu)  
Present research (1,500 characters; an outline summary)  
Present Position  
Present Employer  
Present Department  
Present Position start date and end date  
PhD Awarded Date (or expected if not yet received)  
PhD Institution – name of institution where you were awarded or are completing your PhD  
PhD Country – country in which you were awarded or will be awarded your PhD  
Previous Support (Please provide information on any awards received during the last two years.)

Co-Applicant Personal Details (to be completed by UK Sponsor)

Please note that in order for your UK Sponsor to have access to the application form, they must also have an e-GAP user account and you must share the application with them. To do this, on the ‘Co-Applicant Personal Details’ tab click ‘Add Co-Applicant’, enter their email address and then click ‘Next’. You must confirm their details and then click ‘Next’. You must then tick the sections of the application that your UK Sponsor needs to view or edit. It is essential for them to have access to the ‘Co-Applicant Personal Details’ and ‘Co-Applicant Career Summary’ sections, as well as the ‘Proposal’ section. It is up to you whether to allow them access to other sections.

The UK Sponsor should provide the necessary personal details:

Title  
First name  
Full name  
Address  
Country of residence
Nationality
Email
Telephone number
Fax number

Co-Applicant Career Summary (to be completed by UK Sponsor)
This section requires details of your academic position, institution, department and start date of present employment. It also requires the information regarding your field of specialisation, list of publications and statement of qualifications and career history including the date of your PhD and your present research.

Statement of qualifications and career (please list positions held over previous 5 years – in reverse chronological order)
Field of specialisation (max 200 characters)
List of publications (1500 characters - Please provide details of authors, titles and reference of up to five of your best publications in refereed journals, in reverse chronological order. You should choose not only the best but also those most relevant to the application to support your case.)
Subject Group (choose from drop down menu)
Subject (choose from drop down menu)
Present research (1,500 characters; an outline summary)
Present Position
Present Employer
Present Department
Present Position start date and end date
PhD Awarded Date
Current Funding
Previous Support (Please provide information on any awards received during the last two years.)

UK organisation details
This section allows you to choose the UK host organisation from the list of eligible institutes; you must select the organisation which will be hosting the Fellowship.
• If your host organisation is not listed please contact us for assistance; it can take a few days to set up a new institution so act quickly if the deadline is approaching. Please check the eligibility requirements to ensure your institution is eligible.
• When you submit your application, the UK host organisational approver will be emailed to notify them your application is awaiting their authorisation; we strongly advise that you contact them before submitting, especially if:
  o you are applying less than 5 days before the deadline
  o your application has not yet been approved within 5 days of the deadline
• It is the Applicant’s responsibility to ensure the application is approved before the deadline.

Proposal
This section requires the details of the proposed research.

• Please give the title of the proposed research and a general description of the work to be carried out. This should include, but is not limited to, the following:
  • clear specification of the context and research objectives of the proposed study
  • description of the methodology to be used
  • a realistic research programme, describing the activities that will take place, and explaining how they will contribute to the achievement of the research objectives
• Please provide details of any previous contact with your UK Sponsor and indicate whether you have met them personally.
• The ‘Objectives and benefits’ fields should be used to describe clearly the planned outcomes and any potential benefits that will result from the Fellowship for you, your UK Sponsor and to the two countries in general.
• Please choose the term that best describes your knowledge of English (reading, writing, speaking): bilingual/fluent/good/moderate/basic.
• If you will be accompanied by a partner or dependent(s) please give brief details (if not, please enter N/A).

Please note that the Fellowships are not intended to cover the costs of partners or dependents, and such costs are your own responsibility.
• Potential applications that you have submitted for other fellowships
Nominated Referees
Under the Nominated Referees tab, you need to input emails/details of two academics. Statements from the two nominated referees are required and these must be submitted by the referees via eGAP.

The guidelines for choosing a nominated referee are as follows:

- The primary consideration is that he/she is able to comment independently and authoritatively on your application.
- At least one nominated referee must be based in the UK.
- It is requested that one referee be nominated by the Applicant and one by the UK Sponsor.
- Nominated referees from the same institution as the Applicant or UK Sponsor will not be accepted. The referee must not be a member on the assessment panel for this Scheme or a member of any of the academics’ Councils.

HoD Statements (including Heads of Department, applicant’s current supervisor and UK Sponsor)
Under the Departmental Support tab, you need to input the email/details of the following four academics:

1. Head of Department at the UK organisation
2. Head of Department at the applicant’s overseas institution
3. Applicant’s current supervisor
4. UK sponsor

If the applicant’s Head of Department is also their current supervisor, an alternative referee is required to supply the reference, eg. Head of School or Head of Faculty.

If the UK Sponsor is also the Head of Department at the UK organisation, an alternative referee is required to supply the reference, e.g. Deputy Head or Head of School.

Statements will be requested from the four names listed in the section. The statements must be submitted by them via eGAP.

HoDs should confirm with all referees, including HoDs, that they are willing, and available, to give an online reference as described in the referee’s Guidance (Appendix 2 of this document) before submitting the application. If, after submission, any of your referees will not be able to complete their reference, please contact us with details of an alternative.

- Please pay particular attention to ensure you give the correct email address of any referee in the application. On submission of the application all referees will automatically be contacted by email to request the reference via the e-GAP system.
- No provision is made for non-receipt of these emails; please check the referee has been contacted and received their log-in details.

It is the Applicant’s responsibility to ensure that referees’ statements are submitted in time.

Please provide referees with a copy of the referee’s Guidance (Appendix 2)

All references should be submitted no later than five working days after the deadline. Incomplete references will mean that an application is deemed to be ineligible.

Financial details
The Newton International Fellowship Award will cover subsistence, relocation, and research expenses at fixed levels quoted in these notes. We will also make a contribution to the overheads incurred by the project; this will be equal to 50% of the total award and will be worked out automatically.

Payments to International Fellowship holders are classified as subsistence payments and do not constitute a salary. All payments will be made in quarterly instalments directly to the UK host organisation.

- Start date – Please provide the estimated start date of the Fellowship. This must be in January 2011.
- Duration of award – This is expected to be a continuous period of two years.
- Please provide details of the funding required for each year of the Fellowship under the relevant headings. Newton Fellowships are tenable for two years.
• Subsistence - The annual subsistence rate is fixed at £24,000. If you enter an incorrect amount this will be changed upon receipt of your application.
• Research costs - Newton Fellows are entitled to up to £8,000 per annum which can be spent on: equipment, consumables or travel within the UK or internationally. Please enter the amount required in the relevant boxes ensuring the total is not larger than £8,000 per year.
• Relocation Expenses - Newton Fellows are entitled to up to £2,000 relocation expenses for the duration of the Fellowship. Please enter no more than £2,000 under Year 1, in ‘Travel International’.
• The Subtotals and Total will be calculated automatically.
• The Award includes a fixed contribution towards the overheads incurred by the project. This will be exactly 50% of the total award for the Fellow.
• The overall total of funding requested will be calculated automatically.

Ethical policy
• Applicants are expected to ensure that any ethical issues arising from their research projects will be covered by the relevant professional Code of Conduct. Where this does not apply, Applicants are expected to ensure that ethical approval is obtained from the host organisation.
• For research projects involving the use of animals for experimentation, Applicants must comply with the ‘Statement of the Royal Society’s position on the use of animals in research’. The Statement can be found at http://royalsociety.org/document.asp?tip=0&id=5223

Equal opportunities
The British Academy, The Royal Academy of Engineering, and the Royal Society are committed to an equal opportunities policy in the provision of grants and awards. Please help us to ensure the effectiveness of this policy by providing the information requested. The information will be kept separately from the rest of your application and will not be seen by those involved in making decisions. The information provided forms a confidential statistical record/database in accordance with the Data Protection Act and it will not be used for any purpose other than analysis of the Society’s Equal Opportunities Policy. Your assistance in this matter would be much appreciated, but you can tick ‘opt out’ if you do not wish to input this information.

Other sections/buttons
• Information – you can download the scheme notes, conditions of award or other supporting documents here.
• Submit for approval – once all sections have been completed this button will become active, please check through your application carefully before submitting.
• Offers – this will only become active if your application is successful and you have been offered an award.
• Share application – you can use this button to allow others to view your application through their e-GAP accounts: provide the email address they use as their log-in, or choose to share it with the Newton office if you need advice during the application process.
• Delete/recover application – if you do not want to apply you can use this to delete your application, once deleted you can recover your application for up to 7 days after the time of deletion.

Hints and tips
The Scheme is competitive and as such it is important to make the best case for your application. You should:
• Include all relevant information and supporting arguments in the application; the application stands alone and there is no opportunity for reconsideration on further evidence after assessments have been made. Please also note that extra information cannot be added to applications that have been approved by the UK host organisation.
• Pay close attention to the assessment criteria to ensure you are providing the necessary information to show how your application meets these.
• Present your application clearly. In addition to an excellent research proposal, demonstrating evidence of good planning, financial responsibility and measurable outcomes are very important.

---

We recommend that you provide referees with a copy of your application and of the attached guidance for referees.
Appendix 2
Guidance for Referees on e-GAP

If you have been nominated as a referee by an Applicant for a Newton International Fellowship, this reference should be provided electronically via e-GAP (electronic Grant Application and Processing): [http://www.newtonfellowships.org](http://www.newtonfellowships.org) (or directly via [https://e-gap.royalsociety.org](https://e-gap.royalsociety.org)).

Once the Applicant has submitted their application you will be contacted by the system requesting your reference. References can be submitted before and up to 5 working days after the deadline. If you will not be available to complete the reference in this time please inform the Applicant and/or the office.

Obtaining your log in details

If you have used e-GAP before you will be asked to log-in using your password previously supplied. If you do not remember this you can receive a reminder from the log-in page or by contacting e-gap@royalsociety.org.

If you have not used e-GAP before you will be sent an email containing your log-in details to access e-GAP. NB these can also be used in future for any other tasks and are not just relevant to this reference.

Please note: The email address is the unique identifier on e-GAP, so it is important that you always use the exact same email address that the Applicant has provided when logging on to e-GAP. If you are already registered on e-GAP/ e-GAP please advise the Applicant to use the appropriate email address.

Viewing the application and the referee form

When you have the necessary log-in details you should go to e-GAP, log-in, and go to:
- Tasks
- Reference List
- Click on ‘View’ next to the name of the Applicant in the list.

You will have the option to view the application online. Please fill in all of the sections on the form, save this information and then submit it to the office, ensuring that you then get acknowledgement of this on the screen.

Information required

You will be asked specific questions related to the application so please log-on and look at the application and the reference form before formulating your response. You may be asked about the Fellowship Applicant and/or the UK Sponsor. You will not be expected to know either or both personally.

NB There will be a size limit imposed on the reference, please check your statement is within the limit.

Using e-GAP

Please note the following:
- Save information entered as you proceed: you may be automatically logged out after a long period of inactivity and any unsaved information will be lost.
- All text boxes have maximum character limits which include spaces between words, symbols and punctuation: text will not save if it is over the limit. Please check all information has been saved correctly before logging out.

Contacting us:

If you do not receive your password or you encounter any other problems with accessing the referee form please contact us using the details below. It is helpful if you can provide the name of the Fellowship Applicant or the UK Sponsor, or either of their email addresses. At least one of these will be given in the reference request email.

Email: info@newtonfellowships.org
Tel: +44 (0)20 7451 2559
Fax: +44 (0)20 7930 2170
**Appendix 3**

**Opening: 14 December 2009**

Applicant and UK sponsor fill in online forms

Application is submitted to the UK Host Organisation's approving department at least five days before official deadline

**UK Organisation Approval**

Final submission to Newton International Fellowship Office by deadline: 1 February 2010

Application is checked for eligibility and complete set of references.

Application enters selection process

**Award**

Automatic request of:
1. Statements from Head of Departments
2. Statements from nominated referees
3. Statements of support from UK sponsor and applicant’s current supervisor

Statements must be provided via eGAP within 5 workings days of the deadline.

Late submissions: Rejection

Rejection
